

How to Mellify a Corpse: And Other Human Stories of Ancient Science & Superstition

Filesize: 5.26 MB

Reviews

This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.
(Miss Vernie Schimmel)

HOW TO MELLIFY A CORPSE: AND OTHER HUMAN STORIES OF ANCIENT SCIENCE & SUPERSTITION

Walker & Company. Paperback / softback. Book Condition: new. BRAND NEW, How to Mellify a Corpse: And Other Human Stories of Ancient Science & Superstition, Vicki Leon, From the lofty thoughts of Pythagoras and Plato to the ideas and ingenuity of everyday ancients, "How to Mellify a Corpse" explores the science and superstition of the ancient world as only Vicki Leon could. In "How to Mellify a Corpse," Vicki Leon brings her particular hybrid of history and humor to the entwined subjects of science and superstition in the ancient world, from Athens and Rome to Mesopotamia, the Holy Land, Egypt, and Carthage. Leon covers subjects as diverse as astronomy and astrology, philosophy and practicalities of life and death (including the titular ancient method of embalming), and ancient mechanical engineering. "How to Mellify a Corpse" of course invokes legendary thinkers (Pythagoras and his discoveries in math and music, Aristotle's books on politics and philosophy, and Archimedes' "Eureka" moment), but it also delves deeply into the lives of everyday people, their understanding and beliefs. A feast for the curious mind, "How to Mellify a Corpse" is not only for those with an interest in the experimental: it's for anyone who's inspired by the imagination and ingenuity humanity uses to understand our world.
