Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1914 Excerpt: . author administers by the mouth, in addition to carrying out other measures, 5 to 10 minims (0.3 to 0.6 c.c.) of a 1:1000 solution of epinephrin hydrochloride in a teaspoonful of water. The blood in the stomach is likely to have been the result of engorgement of the gastric vessels during the employment of the Trendelenburg position, the vessels subsequently rupturing under the stress of retching. In a series of cases, after washing out of the stomach contents with saline draughts, the passage of blood into the stomach was found to be arrested by the administration of epinephrin, and cessation of the vomiting promptly followed.--Keay (Edinburgh Medical Journal; Charlotte Medical Journal, October, 1913.) Radium in Leukemia Dr. Adolf Sachs, of Omaha, who is now in Vienna, sends us the following note in regard to the use of radium which may be of interest: Dr. Eppinger of the Von Noorden Clinic, Vienna, told me of two cases of leukemia treated with radium. It had a very marked effect in both cases reducing the white cells from about 300,000 to 7,000 in four days, but on the fifth day in each case the patient died. The reason for the sudden death of these patients is as yet unknown. Intestinal Motor Inactivity Treatment: Pituitary extract recommended. Injection of 3 c.c. in adults causes evacuation in 88 per cent of cases in from six to twenty minutes. Usually constipation later recurs, but often a single injection will induce several...
