Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Derek, a young man suffering from Bipolar Disorder, uses a series of letters to tell the tale of an exceptionally dramatic eight month period of his life. Though the letters are addressed to Agnes, the unrequited love of Derek s life, they are more like journals than letters. Derek, whose highly digressive style is the result of reading *The Life and Opinions of Tristram Shandy* one too many times, gives the reader unfettered access to all the darkest.and brightest.corners of his mind. At times the letters provide a heart wrenching account of Derek s mental health struggles, but at other times the letters are snarky tales of evenings spent trying to interact with the strange creatures science calls *Homo Sapiens*. The characters Derek encounters may, at first glance, seem unremarkable, but Derek has an astounding ability to discover the absurd and/or extraordinary aspects of the most mundane interactions. In keeping with the rules of novel writing that were established long ago by a secret cabal of lizard people, Derek is given a love interest, faced with difficult decisions, and forced to deal with exciting, high pressure situations.or perhaps he just has a dreadful tendency to blow rather ordinary things completely out of proportion. All in all, I think this book is pretty good, and I hope that you will read it, enjoy it, and convince other people to purchase it.I ve got student loans.like a lot of them.so please.seriously. If this book writing thing doesn t work out I ll have to get a real job.
