It teaches musicians how to design a MySpace page optimized for music promotion and distribution and how to best use MySpace to effectively market music. It includes expert advice on how to market oneself to the MySpace community and how to best position and advertise MySpace pages in the real world. The book caters to musicians who are unfamiliar with the network, as well as musicians who already have a MySpace page but who want to learn how to make better use of it. The new edition has been completely updated to cover recent changes to the site and includes new chapters on applications, videos, widgets, advertising, and much more.
