Make it interactive! Interactive whiteboards are phenomenal tools. Don't know what an interactive whiteboard is? Perhaps you've heard of a SMART Board. Using an interactive whiteboard can be a very effective instructional strategy for students who benefit from repetition including struggling learners. Lesson activities are powered by SMART Notebook collaborative learning software. Language arts lessons for the interactive whiteboard are aligned to the Common Core State Standards (CCSS), paying particular attention to the Language Progressive Skills, which CCSS highlights as particularly likely to require continued attention. While the reading level and the core of key topics remains constant, grades 9-12 include more sophisticated content. IWB Language Arts features 100 lessons with 12 screens per lesson (60 screens per unit)--that's 1200 SMART Board screens for the entire series. Set Includes: 5 Units (1 each of 5 titles).
